U. S. OFFICERS FLOGGED BY RUSSIAN GENERAL

POLICE PREPARED TO QUELL DISORDERS AT IDLE STEEL PLANTS

Scenes in front of mills of Illinois Steel company, South Chicago.

Although no serious riots had occurred when these photos were taken, they show the police on the job prepared to deal with emergencies at one of the south Chicago steel mills. The upper picture shows a detail of patrolmen (at left side of gate), mounted police and motorcycle officer with machine (just outside gate), ready to disperse any crowd that gathers. The motorcycle policeman is also counted on as dispatch rider to summon more help if needed. Below is shown a group of strikers before the same plant, being kept on the opposite side of the street from the factory by police.

STRIKE SITUATION REMAINS UNCHANGED

Inclusion of Bethlehem Company Broadens The Scope of Conflicting Claims On Strike

The Ninth Day of the Struggle Finds Both Sides Heavily Entrenched.

Troops May be Sent to Quell Disturbances in the Chicago District.

(By Associated Press.)

New York, September 30.—The inclusion of the Bethlehem Steel Company plants into the strike area has so far only served to broaden the scope of the conflicting claims of the opposing sides.

The ninth day of the great struggle opened with the situation on all the battle-fronts virtually unchanged, mill officials issuing their customary statement that more men were returning to work and union leaders countering with the equally customary assertion that the strike was spreading and victory certain.

No definite developments were reported from the Pittsburgh district.

while the only positive news from the Chicago field was the official statement of the American Sheet and Tinplate Company that its plant, employing 4,000 men, would be closed down within the week "for repairs."

Several minor disturbances in the Chicago district during the night led to a fear that the mills were about to attempt resumption of operations; and at Buffalo, a few hundred men returned to work in the Lackawanna plant. Otherwise, no change of any kind was reported in the outlying districts.

In Cleveland, picketing was resumed by the strikers following a report that the mills were about to attempt resumption of operations; and at Buffalo, a few hundred men returned to work in the Lackawanna plant. Otherwise, no change of any kind was reported in the outlying districts.

BANDITS GET RICH LOOT

(By Associated Press.)

Cleveland, O., September 30.—Three armed bandits entered the jewelry store of Jacob Mayers in the East end section at noon, bound and gagged Jacob Mayers Jr., son of the proprietor, who was alone in the store, and escaped with jewelry and money totaling \$10,000.

BE AMBASSADOR

(By Associated Press.)

Washington, September 30.—Brand Whitlock, of Ohio, now minister to Belgium, was nominated today by President Wilson to be Ambassador to that country.

SPOKANE WOMAN IS HEAD OF PACIFIC COAST NURSERYMEN

Mrs. Robert Day.

Unusual it may seem, but the organized nurserymen of Washington, Oregon, Idaho, Montana, California, Utah and British Columbia are not headed by a nurseryman but by a nurserywoman. She is Mrs. Robert Day of Spokane, Wash., and her title is "president of the Pacific Coast Nurserymen's association." Two hundred active members are on the association's rolls and Mrs. Day is about the only woman on the list. Mrs. Day started in the business when she was sixteen years old and she is but twenty-three now.

CONFIDENCE IN THE OLD TIGER

(By Associated Press.)

Paris, September 30.—The Clemenceau government was sustained on a question of confidence in the Chamber of Deputies today. The Premier's demand for postponement of a discussion by Deputy LaFevre instructing the government to seek the adding of a rider to the Versailles treaty for the further disarmament of Germany was agreed to by a vote of 262 to 188.

ADMIT SITUATION IS VERY SERIOUS

Japanese High Command Investigating Alleged Implication of Jap Officer.

Hint Japs Responsible for Friction Between Russian And U. S. Forces in Siberia.

(By Associated Press.)

Vladivostok, Siberia, September 19, Friday.—Major General Graves, commander of the American forces in Siberia, has demanded an apology from General Rozanoff, in command of the Russian troops in Primur province, for the arrest of Captain L. P. Johns and Corporal Benjamin Sperling, and the flogging of the latter by Cossacks commanded by General Kalmikoff.

An investigation of the conduct of a Japanese officer at the place where the arrests took place has also been begun by the Japanese High Command.

The incident, which occurred September 5, is considered one of the most serious since the Allies landed in Siberia.

ISSUED ORDERS

(By Associated Press.)

Washington, September 30.—Major General Graves is understood to have acted upon official instructions from the War Department in demanding an apology for the flogging of an American officer and investigation of Japanese interference between the American and Cossack forces.

General Graves has reported the incident in detail, and army officials said today the situation was the most serious which has occurred since the American forces went into Siberia.

It became known today that Colonel Robinson, chief-of-staff to General Graves, is on his way home, but no statement was forthcoming as to whether his trip has to do with this incident.

PROHIBITION UNTIL TREATY IS RATIFIED

Attorney General Palmer Makes Important Ruling on War-Time Prohibition.

(By Associated Press.)

Washington, September 30.—Although the War Department declared in a statement today that "the accidents of war and the progress of demobilization are at an end" war-time prohibition cannot be lifted until after the ratification of the treaty, in the opinion of Attorney General Palmer.

The War Department's statement was in connection with one that officers of the regular army were about to be returned to their normal peace time rank.

3 NEGROES ARE KILLED IN ALABAMA

Lynch Law Around Montgomery Alabama, Takes Lives Of Three in Twelve Hours

Posse of Lynchers Now After Fourth Man—Criminal Attacks Made.

(By Associated Press.)

Montgomery, Ala., September 30.—John Temple, negro, who last night shot and fatally wounded Policeman John Barbare and who was wounded by the officer, was shot to death in a hospital shortly after two o'clock this morning by a small band of white men.

He was the third negro to die by lynch law within a period of 12 hours. Miles Phifer and Robert Crosby, the latter a discharged soldier having been shot to death by a mob five miles from here yesterday afternoon.

Another negro with Temple when Barbare was shot was being sought by a posse and it was believed his capture would result in more mob violence.

There was no connection between the lynching of Phifer and Crosby and the killing of Temple. The first two named were charged with crimes against white women and were taken from the sheriff five miles from the city and shot.

Last night Policeman Barbare arrested Temple and a negro by the name of Astor and a negro on charges of disorderly conduct.

TO STOP MOBS IN ALABAMA

(By Associated Press.)

Montgomery, Ala., September 30.—Governor Wilby interceded today in the situation growing out of the lynching here of three negroes and grand jury investigation was planned at once.

RIVAL CANDIDATES IN NEW JERSEY'S GOVERNOR RACE

Senator Edward I. Edwards, above, and Newton A. K. Bugbee.

Senator Edward I. Edwards recently won the Democratic nomination for the governorship of New Jersey, and Newton A. K. Bugbee won the Republican nomination. The race between the two is expected to be a strenuous one.

He began to arrive to witness the first struggle of the baseball classic.

Hotels were jammed to the limit and the congestion grew greater as the day advanced and special trains began to arrive.

The all-important question was "who's got an extra ticket?"

With every one of the 35,000 seats sold, the unlucky applicants for tickets were willing to pay almost any price.

RESOLUTION IS CAUSE OF ROW IN THE SENATE

Hitchcock Accuses The Leaders With Heckling President

(By Associated Press.)

Washington, September 30.—After further sharp criticism by republicans in the Senate and House today of the landing of American sailors at Trau, Dalmatia, after Italian forces had taken possession, the Senate adopted a resolution by Senator New, republican, requesting President Wilson to transmit a report of the incident to the Senate.

Although not opposed by the democrats the resolution caused a lively row in which Senator Hitchcock charged the republicans with "heckling" President Wilson and also with deliberately filibustering to delay action on the peace treaty. Republican Leader Lodge denied there had been any filibustering on the treaty and said there would be none.

General Von Der Goltz Has Lost Control of Soldiers Who Refuse to Leave Baltic Coast.

Announcement Declares That German Leader Will be Deposed At Once.

Will Stop Food Shipments Until Huns Obey Demands

(By Associated Press.)

Paris, September 30.—The blockade of Germany which was threatened by the allies in case the German troops of General von Der Goltz were not removed from the Baltic region, will begin today, according to newspapers.

No food shipped, it is declared, will be permitted to start for Germany until further orders.

Vessels now on the way to German ports, however, will be permitted to proceed to their destination.

OUST GENERAL

(By Associated Press.)

Basle, Switzerland, September 30.—The efforts of General von Der Goltz to make his troops evacuate the Baltic having failed, says a Berlin dispatch, the German government has decided to "recall him definitely."

PRESIDENT IS SLOWLY IMPROVING

Two Days of Rest at White House Results in Improvement, Says Admiral Grayson

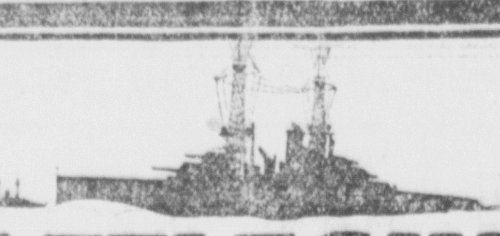

(By Associated Press.)

Washington, September 30.—President Wilson, after two days of "quiet and rest at the White House, showed improvement today," Rear Admiral Grayson, his personal physician, announced in a bulletin at noon today.

He said the President had passed a good night and is improving. The President arose early this morning.

Although the President's condition precludes his taking any active part in directing the peace treaty fight in the Senate, he has shown much interest and received a report of the situation from Secretary Tumulty today. Senators directing the Administration fight for ratification of the treaty advised the President, through Mr. Tumulty, that the treaty would not be amended, and that no reservations which would require its resubmission would be adopted.

If all tombstone epitaphs were literally true, his satanic majesty would have to shut up shop. He who fights and runs away has to be able to run faster than the other fellow.

CONGESTIONS AT THE HOSPITAL ARE FREQUENT

One of the Big Handicaps of Present Hospital is Lack Of Room.

Few people of this county realize the handicaps under which the Fayette Hospital operates because lack of capacity of the hospital. At almost all times the hospital is filled to the limit and there are times when even this must be extended.

The capacity of the hospital is twelve patients. Many times during the past year, and in fact only recently, the mark has been raised to fourteen. This was because the need was urgent and it was absolutely imperative that the patient receive the necessary treatment immediately.

In order to accommodate this number of patients it was necessary to move the superintendent's desk and chair into the hallway and place a cot in the office. Other additional patients were placed on cots in the hallway upstairs.

It is declared by the hospital management that such a congestion has existed a number of times, and especially at times when an epidemic is in progress. It is agreed that the only way of solving the problem is in the erection of a new hospital.

The plans under consideration for the new hospital will call for a thirty-six bed system with facilities for caring for almost any number of patients at any time. It is agreed that with a hospital of this size there would never be congestion and the patients would receive much better care than in conditions where the nurses and attendants were forced to work under such a handicap as now exists.

PLANS ON FOOT FOR BIG MARATHON

Tentative plans are now on foot for the running of a marathon race on Thanksgiving day. Secretary Klester of the Y. M. C. A. is making an effort to formulate plans and is lining up the prospective candidates for the run.

The run will be over a five mile course and it is expected that the distance will be from Bloomingburg to "Y" in this city. This course is the best leading into town and is a suitable distance for the event.

Prizes suitable for such a test of endurance will be offered to those finishing in the lead. It is announced by Secretary Klester that those expecting to enter the race should start preliminary training at the earliest possible moment.

Application blanks for entries will be procurable within a short time. The race will be a new feature in local athletics and will create quite a bit of interest. It will be run in the morning of the 27th, in order not to interfere with the football game in the afternoon.

"SWINE PLAGUE" AND CHOLERA HERE

Local veterinarians report many cases of cholera and "swine plague" among the herds in Fayette county, particularly in the New Martinsburg community, where quite a few hogs have succumbed to the disease.

One veterinarian states that the "swine plague" which affects swine something like flu does the human family is causing them much work, and that of the two diseases, swine plague is harder to combat than the genuine cholera, which can be controlled by prompt treatment.

Owing to the high price of hogs up-to-date farmers are taking no chances with cholera, and are having their herds immunized promptly, as well as calling for help when the swine plague appears among their swine.

NO QUARANTINE NO FLU CASES

Health Officer John Byron announces that at the present time there is not a single case of contagious disease under quarantine in this city, and has not been for several weeks—a thing decidedly out of the ordinary the past two years.

He further announces that no cases of flu has been reported in the city for sometime, and that the general public health is above the average.

You are Interested to Know WHY The D. & M. Cord Tire Company

Represents the Best Investment Opportunity You Can Secure.

THE RUBBER INDUSTRY

The Rubber Industry is the fourth largest in the United States, and is unparalleled by any other industry in the country for its rapid and consistent development. There are over 6,000,000 cars in daily use in this country alone. Added to this are the great foreign markets, and the ever-increasing demand for tires through the use of commercial cars and trucks.

PROFITS IN THE RUBBER INDUSTRY

The advent of the motor car and the consequent demand for tires and tubes, means a wonderful opportunity for profitable investment. Millions of dollars have been made and are being made today in the rubber industry. Those who have had the foresight to invest in tire companies when first formed, have had their investment multiply, in some cases, hundreds of times in value, and the opportunities for profits in this industry are greater today than ever before.

THE DEMAND FOR CORD TIRES

Buyers of tires are becoming educated. They know tire values. The demand for cord tires has doubled in the past six months, and it is recognized as the coming tire, because of its extra long wearing qualities.

The only reason it is not used exclusively today is the fact that the old established tire manufacturing companies are equipped primarily for the production of fabric tires, and they cannot afford to scrap their huge investment in fabric tire building machinery. In spite of this condition, Cord Tires are recognized as the inevitable tire of the future.

WE WILL SPECIALIZE IN CORD TIRES

The D. & M. Cord Tire Co. has as its General Manager, Mr. Walter R. Denman, one of the best known Cord Tire specialists in the country. He is a mechanical, electrical, industrial and rubber engineer, with an established record of having been instrumental in perfecting two of the best Cord Tires on the market to date.

Costly experimental work which other rubber companies have had to do in the past is absolutely unnecessary with this company. Mr. Denman has already perfected the D. & M. Cord Tire at a saving of thousands of dollars to this company and its shareholders.

OUR PLANT

This company is building one of the most modern and scientifically equipped plants in the entire rubber industry. It will be located at Warren, Ohio, on a large tract of ground given this company by the Warren Board of Trade, in consideration of our bringing this great industry to Warren. Our factory site has the added advantage of excellent shipping facilities and an absolutely unlimited water supply, so necessary in the manufacture of rubber products.

OUR RAPID PROGRESS

Our plant has been designed by The Osborn Engineering Co., specialists in designing plants for the manufacture of rubber goods. Every energy is being directed to the erection of our plant and its completion at the earliest possible moment.

OUR OFFER

The company offers a portion of its 7 percent Preferred Stock for a limited time only, with an attractive Bonus of Common Stock, both Tax Free and Non Assessable.

Our special representative, Mr. G. W. Neal is now in Washington Court House, and will be glad to tell you more of our plans and the profits which this company is going to make for its shareholders.

INTENDING TO RESUME WORK IN SHORT TIME

Nichols Thinks Two Years' Layoff Ended — Says Trutona Responsible.

Portsmouth, Ohio, September 29.—"I haven't worked in the past two years but I think if I keep on improving as I have in the last few days, since taking Trutona, that I'll be able to get out and do some light work soon," William Nichols, 50 years old, who lives at 517 Seventh street, Portsmouth, said recently.

"For years I've suffered with kidney trouble and for the past two years I've been crippled up with rheumatism," he continued. "For months I've had to use two canes to get around at all and then I could hardly walk."

"I have never found anything which gave me as much relief in such a short time as Trutona. Why, a few days ago I walked four squares with the use of but one cane and before I could hardly get around with two did the same thing last Monday. My kidneys seem to be in better shape than they've been for years. In shore, I feel better in every way, since taking Trutona. It's the best medicine I've ever taken and I want to recommend it to my friends. I'm sure it's the best medicine on the market today."

batant of stomach, bowels and liver troubles, nervousness, sleeplessness and the like as well as a reconstructive agency, Trutona is peerless.

Trutona is now being introduced and explained in Washington C. H. at Frank Christopher's.

FAYETTE AUTO CLUB TO OPEN OFFICE ON MAIN

Competent Man Will Be In Charge and Information Will be Given Freely.

Supply of Tags Will Make "License Applied For" Signs Unexcusable.

During the latter part of this week the Fayette County Automobile Club will open offices in the Sharp Block in the rooms directly opposite the Cherry Hotel on Main Street. Carpenter and finishers are now at work remodeling and fitting the rooms into a suitable location for the headquarters of the organization.

For the benefit of the tourists who pass through the city as well as for the benefit of the local members the rooms will be made very attractive. A rest room will be provided for women, with all necessary comforts.

The persons in charge of the office will be able to give any information desired as to the condition of certain roads and the best routes to all places in the state. This information will be up to the minute and such incumbencies as detours will be promptly reported by the state bureau to the local office and much time and trouble may be saved by knowing the exact condition of the state thoroughfares.

An order of 200 auto license tags has been received and these will be put on sale in the office in order to fill out the licenses required for 1919. It is pointed out that there will then be no need for the "license applied for" tags.

A membership of more than 300 is boasted by the club and it is growing steadily with voluntary memberships coming in each day. These memberships have been secured without a

Dr. O. D. Maddux has purchased of Hon. Harry F. Brown the Campbell, or Shoop property, consisting of 44 acres, and located north of Gregg street and along Lewis street. Mr. Brown purchased the property of Mrs. Laura Shoop a few days ago and subsequently disposed of it to Dr. Maddux.

Dr. Maddux announces that he will modernize the home upon the estate and for the present will use the farm for hog raising, but in the near future expects to plant a large tract and open up a new addition to the city.

BRITAIN ROADS ARE DEPLORABLE

(By Associated Press)
London, August 26.—(By Mail)—British trains are slowing down and in some instances hours are being added to journeys.

This is particularly true of trains going out of London. The pre-war time of a train from London to Birmingham was two hours. Now it is two and a half. To Liverpool the pre-war time was three hours 35 minutes, now it is four hours and a half.

Opponents of government control point out that only one company has emerged from war with an improved service—the Southeastern & Chatham. GERMAN PRESS AGENT RESIGNS

Weimar, August 30.—(By Mail)—Minister Naumann, for nearly a year head of the German press, has resigned after a misunderstanding with President Ebert over an interview which the President granted a New York newspaper correspondent. He has been succeeded by Ulrich Rauscher.

The change arouses little enthusiasm among the foreign correspondents who see in it small hope that Germany can obtain favorable publicity in the press of other nations.

SOME FIGURES ON CITY WATER

(By Associated Press)
St. Louis, Mo., September 30.—More than 400,000 tons or 10,000 freight carloads of foreign substance was taken from the 37,751,000,000 gallons of water consumed in St. Louis between April 1, 1918 and April 1, 1919, and the process of precipitation so softened the water the housewives saved an expenditure of \$260,000 for soap in that period.

These figures are taken from the annual report of Water Works Commissioner Wall which has just been made public. The report goes on to say that the soap saving was greater by \$5,500 than the total cost of chemicals used for precipitation and the wages of 230 men employed in that department.

The average daily consumption was approximately 100,000,000 gallons which was about 4,000,000 less than in the preceding fiscal year. The Commissioner attributed this to the absence of extremes in temperatures during the season.

HENRY STEVENSON DIES MONDAY EVE.

Mr. Henry Stevenson died at his home in Yeoman street, Monday evening at ten o'clock after an extended illness.

Mr. Stevenson was born in Virginia but had spent the greater part of his life in this county, where he was favorably known, and had many friends. He was passed 75 years of age.

Besides the wife, he leaves six children, Edgar, of Springfield; Joseph, of Miamisburg; Fred, of Dayton; William and Frank, of this city, and Mrs. S. J. Bethard also of this city.

Funeral services will be held at the home of the daughter, Mrs. Bethard, at 211 South Fayette street, on Wednesday afternoon at two o'clock. Burial will be made in the Washington cemetery.

ARMENIAN WOMEN BUILDING ROADS

(By Associated Press.)
Marash, Mesopotamia, August 5.—(By Mail)—Five hundred Armenian women employed by the American Red Cross have built 100 miles of stone roads and reconstructed several steel bridges in this section within the last four months. The roads were rebuilt in order to facilitate transportation of Red Cross supplies. There were no male laborers to be employed so Captain Edward Bickel, of Seattle, who had charge of the engineering work, engaged the women who were glad to have employment of any kind.

KID GLEASON

William (Kid) Gleason, White Sox manager, has been in major league baseball for over thirty years. He was born at Camden, N. J., Oct. 26, 1865, and began his baseball career in 1886 at Williamsport, Pa. Gleason was a member of the famous Baltimore Orioles and the old St. Louis Browns. In those days he was a pitcher. The greater part of his career as a player was as second baseman for the Philadelphia Nationals, where he was active until 1906.

In 1912 James Callahan, then Sox manager, hired Gleason as coach and helper. When Callahan was dismissed after the 1914 season, Gleason retired again, but in 1916, in mid-season, he was secured to assist Clarence Rowland and stayed through 1917, the year the Sox won the world's championship. In 1918 Gleason again was out of the game, but was hired as manager this year.

Who Is to be Blamed For Your Dissatisfaction?

You are not to be blamed for using the battery with which your new car is equipped, so long as it's useable; but when you decide to replace that battery it will be you who must assume the responsibility. Most people wear out the tires of new cars before they re-equip, but they do not hesitate to change when they are unsatisfactory. Manufacturers have various reasons for using the equipment they do on new cars. But you can have only one view of the matter after the car is yours—service. Before you replace your old battery find out more about all batteries, and certainly the U S L.

Coming Events

Evangelist Sunday is booked for a visit to Cincinnati for the purpose of conducting a typical Sunday religious revival, tabernacle and all.

Speaking of the engagement which Mr. Sunday has already "booked" the Cincinnati Enquirer, editorially, under the heading "Sinful Cincinnati" says:

"It is said that the Rev. 'Bill' Sunday has girded his loins with triple intention and will move against the forces of evil which, if he is to be believed, have made of the Queen City of the West a borough more noxious than was Sodom or Gomorrah in the days of luckless Lot. With Mr. Sunday doubtless will appear the usual array of sacerdotal vaudeville accessories of syncope and solemnity, by some people believed to be so essential to the salvation of sinful souls.

"We had thought that Cincinnati, through the assistance of the few brave men who still dare to fill our pulpits, especially since the blessings of prohibition have descended upon us, might begin to aspire to that delectable condition which, as everyone knows, distinguishes Springfield, Chicago, New York and many other cities which Mr. Sunday has aforesaid saved from perdition, but which now no longer require his expert services.

"Rare Bobby had it right when he prayed to be as good as he should be. He knew that he was not as good as he should be. He did not deceive himself. But he left a legacy of helpfulness and joy to posterity such as all the snuffed and straight-faced critics of his time could not have left in a thousand years. And to paraphrase 'Jim Bludsoe,' we reckon the Lord isn't going to be too hard on a man who lived for men without charging them anything for the job.

"It is evident that the worst of men have something of the best in them, and that the best of men have in them something of the worst faults of human nature.

"Usually, however, this sentiment is quoted by people open to suspicion. But the truth is there. None of us would care to expose his naked heart to the public gaze, as Goethe pointed out long ago. What we are we cannot conceal from ourselves, but we spend the better part of our lives in trying to prevent others from knowing us as we really are.

"The average reformer, whether he be an amateur of the community, or a hired professional filled with holy zeal for the acquirement of sinful shekels, appears to better advantage on the snow bills than before the court of his own conscience. Wherefore all of us should be charitable and tolerant in our judgments touching the frailties of others. But we do hope that Rev. Sunday, while touching our hearts will touch our pocketbooks as lightly as may be, for even in Cincinnati, sinful city of scandalous scorners of the righteons, these be parlous hard times for both praying pastors and purse-pinched people."

We yield to no one in our insistence that the Christian Church must be re-established as the great factor in the life of the world. We must make our social and business life conform more closely to the teachings of the Christian Church. On that we all agree. We have been drifting away and we must get back. As to the method we may differ and do differ. Mr. Sunday and the revivalists of his school have not been making very much headway.

The people have not accepted very kindly the plan of a troupe of professional revivalists entering their community, indulging in sensational abuse and leaving with a large sum of money after paying tremendous expenses.

That clashes with the religious ideals a great many people hold.

The Big Games

Wednesday is the red letter day in the world of base ball. On Wednesday afternoon, at the Cincinnati park, the opening game of the series of games—nine if necessary—to determine the best base ball team in all the world will be played.

The Chicago White Sox team, champions of the American League will play against the Cincinnati Red Stockings, the winners of the National League pennant.

As is to be expected there is a wide difference in opinion among the base ball enthusiasts as to which one of the clubs, representing the "class" in their respective leagues, is the better club.

Base ball is a square game and it's uncertain in such a short series—nine games.

Beyond all question two great baseball teams will enter the premier base ball event on Wednesday afternoon. The Chicago team is a better advertised team than the one representing Cincinnati. It numbers among its players more recognized stars than the Queen City team, and yet we rather favor the chances of the Cincinnati team. Its players are younger, more ambitious and as full of confidence and as game as any team that ever responded to the umpire's commands on the playing field.

It may be that the wish is father to the thought, but we can't see, in our imagination the world's championship pennant floating above any park after the series closes, other than the old Western avenue park in Cincinnati.

The American base ball lover will be satisfied, however, no matter who wins. It will be a clean, fast and fair contest and the best team in the series will win, no doubt about that.

Most of the wise ones pick the White Sox—that great team from Chicago—but we are going to pick the old Red Stockings for the winners and pin our faith to them until the last man is called out in the ninth inning of the deciding game. It's a great team. Let no one underestimate it.

POETRY FOR TODAY

THE DEAD MARCH IN FALL.

The corn is brown, the last late rose
Has dropped its velvet leaves,
The caterpillar for itself
A shroud of satin weaves.
The blood of dying summer stains
The ivy on the wall,
And in the early morn we miss
The robin's merry call.

The cricket scrapes his violin
Beside the garden gate,
The katydid her graphophone
Keeps going long and late,
The melancholy fall bug pipes
From branches turning bare;
Thus plays the sylvan orchestra
The dead march of the year.

CUMMINS BILL AN ILLEGAL ONE DECIDES COURT

(By Associated Press.)

Washington, September 30.—Held unconstitutional the provisions of the Cummins bill for railroad reorganization which would take for the government excess earnings of the roads over a "fair return," an opinion by Charles E. Hughes, rendered the Association of Railway Executives, has been filed with the House Interstate Commerce Committee considering the bill. Former Justice Hughes contends in brief that if rates which produce so-called excess earnings are just and reasonable rates as they are presumed to be when fixed and regulated by the Interstate Commerce Commission, then the earnings from those rates are the property of the railroad companies, which may be taxed, but cannot be taken away as that he argues, would be confiscation.

SEND RED CROSS UNIT TO MINSK

(By Associated Press.)

Paris, August 25.—(By Mail)—As a sequel to the capture of Minsk by the Polish Army, the American Red Cross has authorized the sending of a field unit into that city from its headquarters in Eastern Poland. The efforts of the Red Cross unit will be mainly concerned with general relief and anti-typhus work. Supplies for the new work are being furnished from the American Red Cross warehouses in Bielsk.

Reports from Minsk say that people are dying fast of hunger and typhus. Medicines, soaps and nourishing foods are the most imperative needs. A soup kitchen will also be set up in Minsk.

NATURE BLOTS OUT WAR SCAR

(By Associated Press.)

Dover, Eng., August 24.—(By Mail)—Former British officers returning from France and Belgium where they have been going over the ground where a year ago they were still fighting, expressed astonishment at the manner in which nature is blotting out the scars of the war.

"No Man's Land everywhere is covered with a mass of scarlet poppies," said one officer, "and the disappearance of the rusty barbed wire makes one almost forget the place was ever the most desolate prospect a man ever saw. But the trenches are still there and so is much of the timber, both startling reminders of the days when we did not know just what was going to happen next."

Much of our earthly happiness is due to our ability to forget things.

Eddie Collins, captain of the White Sox, was born in Millerton, N. Y., May 2, 1887. He began his baseball career while a student at Columbia university, from which he is a graduate. His first year in the professional game was 1906, when he joined the Athletics, remaining until 1915, when he was purchased by Comiskey for \$50,000. He has played in the world's series five times. Eddie is 5 feet 9 inches tall, weighs 164 pounds, is married, and lives at Lansdowne, Pa.

COUNCIL PASSES MORE LEGISLATION FOR STREET WORK

At a special session of council passed to proceed with the resurfacing of the up-town streets, the paving of other streets as previously planned, and the rebuilding of Oak street from Main to High by macadamizing to a width of sixteen feet.

The legislation is one of the successive steps necessary before the contracts before the work can be let and it is announced that the contract will be let sometime in October so that the resurfacing of the up-town streets may be completed before winter sets in.

Every assurance is given that this will be done, and to this end council is working as rapidly as possible.

MELON VINE RIVALS JACK'S BEAN STALK

William Bishop, of East Paint street has a water melon vine in his back yard which is attracting widespread attention because of its luxuriant growth, and which unless frost interferes, may ramble over additional neighborhood before it comes to a halt. The vine already has attained a length of 24 feet and is growing rapidly. However it seems to have all gone to vine as the melons it bears are about the size of walnuts.

SLEEPS 15 HOURS HE MISSES "DATE"

It is too good to keep, so a young business man in this city who is operating one of a chain of stores, tells it himself. Here is the story as related:

The young man was to call upon a lady friend at 7:30 Sunday evening, and having been up late at the store on Saturday night, dropped upon a couch about three o'clock Sunday afternoon for a little nap.

When he awoke he heard the clock strike six, so he arose and added the finishing touches to his attire before starting out to call upon the young woman.

Reaching the up-town portion of the city the young man was

amazed to find the stores open and the business of the city flowing along as usual.

Making inquiry as to why the business places were open on Sunday evening he was informed that it was not Sunday evening but Monday morning. He had slumbered 15 hours instead of three.

CAPTAIN SMITH HERE SATURDAY

Announcement is made that Captain Smith of Cincinnati will not be in this city on Wednesday to distribute the Victory Buttons, but will be at the armory on East Court Street from the hours of eleven to two on Saturday of this week.

Those who have not received their buttons may present their discharges from the service and procure the service mark.

TRUCK PURCHASE WAS RECOMMENDED

In order to meet the needs of the school route which covers the territory northeast of Jeffersonville, the Jeffersonville School Board has recommended the purchase of an extra truck to carry the pupils to and from school.

The route has been covered by Weber French with a motor truck, but the one truck has become inadequate and another driver and truck will be put on the route to assist in conveying the children to school.

The Kind of Milk We Buy and Sell

WE buy our supply of milk much the same as the creameries—according to the butter-fat test. Each producer's milk is tested separately and he is paid according to the test. That's fair to him, to us and to YOU.

The milk you receive is the same we tested for him, nothing added, nothing extracted. Of course it goes through our regular sterilization processes, but that only makes it more fit for food.

There is nothing to be gained by the producer of milk to dilute the product when dealing on this basis, thus the public knows it gets WHOLE MILK, nothing added and nothing taken from.

Users of our milk may feel assured they get nothing but pure milk, and it's all there, too.

MEN ARMED AND READY FOR OMAHA

Additional Troops Concentrated To Prevent New Outbreak of Mob Violence in Omaha.

City Quiet During Night And Heavy Rains Keep People Off The Streets.

(By Associated Press.)
Omaha, Nebraska, September 30.—Additional military forces from Camp Funston, Kansas, and Camp Grant today joined the federal troops already on duty as a result of the race rioting last Sunday.

Major General Leonard Wood, commander of the Central Department of the army, also arrived to take charge of the military operations.

The city was quiet during the night, and there was no sign of trouble, a heavy rain keeping the people off the streets.

OMAHA GRAND JURY TO PROBE

(By Associated Press.)
Omaha, September 30.—Grand jury investigation with a view to prosecuting those persons responsible for race rioting her Sunday will be started at once.

STRIKE QUIET ALL OVER OHIO

(By Associated Press.)
Columbus, O., September 30.—With all but one company of state troops demobilized, quiet continued in Ohio's steel strike centers today. There was little or no change in the situation. At Youngstown the only indication of an attempt being made to resume operations soon is at the Ohio works of the Carnegie Steel Company, where the company says it has 500 men within the plant doing repair work.

RAIL SERVICE IS IMPROVED

(By Associated Press.)
London, September 30.—Great Britain is making headway in dealing with the national strike of her railway employees, the government reporting today that service was improving.

It is anticipated in government circles that service of street cars and omnibuses will stop today.

OPERATORS AND MINERS CLASH

(By Associated Press.)
Buffalo, September 29.—The soft coal operators and miners of the Central Competitive Field clashed at today's wage conference on the issues of whether the wartime agreement of April, 1916, is still in force, and the extent of authority vested in the miners' delegates to negotiate a new scale.

WHITE SOX ON WAY TO CINCY

(By Associated Press.)
Chicago, September 29.—Manager "Kid" Gleason and twenty-three members of the Chicago White Sox left here tonight for Cincinnati, where they will meet the Cincinnati Reds Wednesday and Thursday in the first two games of the world series.

Every man on the team was declared to be fit for the championship games. While no announcement has been made, the White Sox players are sure that Gleason will pick Eddie Cicotte to hurl the opening game with Williams as the likely pitcher for the second contest.

STRIKERS AND POLICE MIX IT

Chicago, September 29.—Two thousand strike sympathizers clashed tonight at Waukegan with several scores of police and special deputies, and it is reported, tore off their stars and bombarded them with bricks and stones.

YOUNG GOVERNOR ENTERS COLLEGE

(By Associated Press.)
Madison, Wis., September 30.—After a month of travel to acquaint himself with the United States, Senator Agustin L. Alvarez, governor of Zamboanga, Philippines Islands, has enrolled as a student at the University of Wisconsin. Senator Alvarez, who is 28 years old, is said to be the youngest governor in the islands. He has known General Pershing since 1908, when the latter was governor general of the islands. The governor has been sent to America by his government to study institutions and conditions, and chose Wisconsin University as more representative of American life than the universities of the East or West.

(By Associated Press.)
Rome, September 30.—American marines are maintaining order in the city of Spalato, Dalmatia, where Rear Admiral Andrews is stationed with his flagship, the Pittsburgh.

It is indicated in reports that feeling is running high in Spalato and that the Americans have been forced to intervene between the Italians and Jugo-Slavs.

GREENFIELDER UNDER ARREST IN 'FENCE' CASE

Fred Patterson Accused of Receiving Stolen Property, Claims Innocence.

Confession Made by One of Pair of Thieves Held in Chillicothe.

(Special to The Herald.)
Chillicothe, O., September 30.—New developments in the automobile stealing case and "fence" for stolen machines, which recently resulted in the arrest of Russell Babb and Omar Betz in this city, took place today when Fred Patterson, colored garage owner of Greenfield, was arrested on a charge of receiving stolen property, and his hearing set for Friday of this week. He was released on \$1,000 bond.

Patterson denied having any knowledge of the cars received from Betz and Babb having been stolen, and declared that when he purchased a Ford machine from them and it later was proven to be the property of Miss Ruth Waters, of Washington C. H., that he ceased dealing with the two men because he then suspected that they were not doing a legitimate business. It is said that Patterson has purchased a large number of automobiles from the two men held here. Other dealers in this part of Ohio also admit having purchased many cars from the two men, it is understood.

It is rumored that one of the men held here has confessed to auto thefts and that a big "fence" was being conducted in Vinton county in a blacksmith shop, where numbers were changed and other changes made to disguise a machine, after which it was driven out and sold.

It is believed the two men had stolen scores of machines and disposed of them, and that two or three of the machines came from Fayette county.

Before attempting to size up an easy going man arouse his temper. Misfortunes come in pairs for the man whose opponent holds three of a kind.

ANZAC PRAISES YANKEE TROOPS

(By Associated Press.)
Sydney, Australia, August 5.—(By Mail)—"The Americans were not 'skitters'" said Charles E. W. Bean, the Australian official war correspondent after a luncheon given to him by the New South Wales Institute of Journalists. Mr. Bean prior to the war was a Sydney newspaper man.

"Skitting" in the Australian vernacular is boasting, perhaps the nearest approach to its meaning, in American slang, being "four-flushing."

"I have never yet heard an American say that America won the war, but I have read it," he went on "America did not win the war. There is no doubt of that. America helped to finish it."

GRAVE DIGGERS OUT ON STRIKE

(By Associated Press.)
Dublin, August 29.—(By Mail)—A strike of grave diggers in Dublin maintained for some weeks at Glasnevin Cemetery has caused much inconvenience and some risk to the public health. It was mitigated, however, by the decision of the Cemeteries' Committee to permit interments by people having plots in the cemetery provided that they opened and closed the

DOCK CONGESTION BOOSTS PRICES

London, August 28, (By Mail)—One cause of the high price of living against which all London is complaining, is given as the congestion at the docks where whole cargoes of food and other supplies are being held up because it is impossible to unload and distribute them to points where they are needed. Government occupancy of warehouses is given as the principal reason for the congestion.

The western granary which should be filled with provisions for London is filled with uniforms for the Australian army, and other instances equally irritating to the average Londoner are being cited.

STATE CHAMPION FAILS TO THROW LOCAL HERCULES

Cliff Binkley and His Manager, Al Haft, Get Surprise of Their Lives.

Tom Hillery Has Little Difficulty in Evading His Powerful Opponent.

In the greatest wrestling match every staged in this city Cliff Binkley, the heavyweight champion of the state, and a wrestler of great strength and ability Monday night, failed to throw Tom Hillery, the Washington strong boy, in a handicap match, in which he had agreed to put the shoulders or Hillery to the mat twice in one hour.

Binkley stated after the match that Hillery was the strongest young wrestler he had ever tackled and prophesied a great future for the 19 year old lad.

The weight of the men was in no way equal. Binkley weighed somewhere around 220 pounds and Tom tipped the beam at 175. Binkley is a giant in size and towered above the local boy.

In preparation for the match Hillery had been trained by the clever lightweight champion, Matty Masuda, and his ability displayed showed the careful training he had undergone during the previous week.

The bout opened with a great amount of rough wrestling by the Columbus grappler but failing to frighten his young opponent in this manner he gave up the method and wrestled in his best style.

Binkley had but two real holds on the local boy, two body scissors, but even his giant limbs failed to bring the results and Tom wriggled out after a few attempts.

While he was getting but two holds Hillery worked headlock after headlock on his leviathanic opponent and also brought his wristlock into play.

The champion then resorted to toe holds but was not able to hold Hillery on the mat.

Al Haft, the manager and trainer of Binkley, showed true sportsmanship when he climbed into the ring after the match and stated that had he known that the local boy was as strong as he proved he would never have consented to the handicap match.

The crowd cheered when Tom's father, James Hillery, climbed into the ring and embraced his son before Tom was taken into the dressing room by his admirers.

Ed Beardsley, a well-known referee of Columbus, officiated before the largest crowd ever attending a match in the armory. Many Columbus fans were on hands to watch Binkley work. They were amazed at the

tremendous strength of the Washington strong boy.

The preliminary was furnished by three wrestlers, Jimmy Whitehead had agreed to throw Emerald Moats, a local boy, and Cooney Beaver, of Columbus in thirty minutes, but only succeeded in getting one fall. He shoved Moats to the mat in seven minutes. Moats surprised his friends by his cleverness.

ARRESTED FOR NON-SUPPORT

Frank Burke, of Hamilton, Ohio, Tuesday morning was arrested near Cooks Station by Deputies Nelson and Perry, on request of the Hamilton authorities. Burke was charged with non-support, and was found cutting corn. He made no protest, but expressed surprise that his arrest was made on the charge.

An officer from Hamilton was to arrive Tuesday evening and take Burke back to Hamilton.

"COME ON, LET'S GO!"

Pat
Moran

Pat Moran's greatest asset is his fighting spirit, according to the men who have played for him all season. The loss of a game makes him just mad enough to fret until his club gets another chance at the opposition the next day. The glimpse of him above is one well known to National League fans. He is looking things over with a keen eye as he walks onto the field to start the crew warming up.

OUTFIELDERS FOR THE SERIES AMONG THE BEST

Records This Season Give The White Sox Gardeners Edge On Reds.

(By Associated Press)

Chicago, September 30.—Collectively and individually the outfield of the Chicago White Sox and the Cincinnati Reds, which will put their prowess in the world's series, rank among the best in the major leagues and their work undoubtedly will be watched with keen interest during the championship contests.

Considered, broadly, the men who will form the last lines of defense for the contending teams measure up to all the requirements sought in outer gardeners.

Defensively they are sure and quick judges of fly balls, steady on grounders past the infield, possess powerful arms and can make quick decisions when there is choice of one or more plays. Offensively some of the greatest hitters in either league, in addition to fast base-runners are included.

But, if the records made by the various men this season may be taken as an accurate criterion of their ability,

the White Sox gardeners have the edge on their opponents.

The mention of such men as Felsch, Jackson and Liebold veterans of the 1917 World's series against the New York Giants coupled with those of Roush, the leading slugger of the Red aggregation, Neale, Magee and Duncan, a new comer, is sufficient to start controversy among the fans regardless of what the figures say. Already there is talk that Roush will exhibit the mighty Jackson, and that Felsch and Liebold, will not compare with Neale, Magee and Duncan.

Duncan is a fair batter but a fast fielder. His hitting will not compare with that of Jackson, who is tapping the White Sox with an average which has been hovering around .250 the latter part of the season Duncan has been hitting about .255, while his fielding average has been around .962. That of Jackson has been around .271.

PLANT TREES FOR ALL HEROES

(By Associated Press.)

Baltimore, Md., Sept. 30.—Forty-eight white oak trees, one for each state, will be planted in David Hill park here in memory of the American soldiers who died in service in the world war by the War Mothers of America during their second annual convention Oct. 7, 8, and 9. The grove will be in the shape of a star, the trees being thirty to forty feet apart. A representative from each state will assist in the planting.

The ideas for the living memorial was originated by Mrs. Robert Carlton Morris, of Toledo, Ohio, first president of the War Mothers of America and she will conduct the ceremonies attending the planting.

CITY MARKET IN NEIGHBORING CITY

After a silence of thirty years the bell on the market house on East Franklin street clanged out at 6:30 o'clock this morning that a city market was again in operation.

Long before that hour people came from every part of the city with baskets on their arms, but could not be waited on because the electric light was out of commission. Everybody stood around good naturally focusing each other and with the flashing on of the lights, came the ringing of the bell and the market was on.

There were two meat stands, three vegetable stands, one of canned goods and everything sold from 5 to 10 cents cheaper than in grocery markets. Apples sold for 4 and 6 cents a pound.

Several new men have promised to be on the market next Saturday. It is hoped that more country people can be induced to have stands and that butter, chickens, eggs, cream, milk and cottage cheese will be obtainable.—Circleville Union Herald.

Why We Love Cream Soups

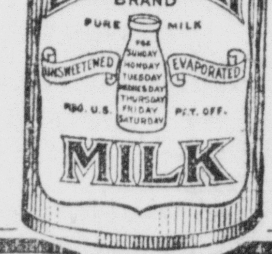

ALL my family—Father and the children, too—love my cream soups. Tomato, potato, pea—no matter what it is, it tastes good. And it satisfies them almost better than anything else, for less money.

The Secret? I use Every Day Milk.

I found out that one bright tin of Every Day Milk had in it all the cream, all the butter-fat, all the nourishment, of over a quart of rich milk. You see, most of the water has been taken out, making it richer and creamier—nothing has been added. No wonder my soups are good.

And besides, I don't have to worry about ice man or milk man. I save money. I buy no more cream, for Every Day takes its place in coffee and on cereals.

Be independent of the ice man and the milk man. Every day use Every Day—the safe and pure milk.
